**AUTHOR/EDITOR**
**Almoosa KF**

The hepatopulmonary syndrome, 6:23–30 (CRA)

**Alrawi S**

Multicentric spinal tuberculosis with a possible concomitant bacterial infection, 7:61–66 (CR)

**Anderson AC**

Conscious sedation: a primer for outpatient procedures, 5:22–32 (CRA)

**Anderson CA**

New medications for epilepsy, 11:55–61 (CRA)

**Aronson SC**

Depression: a treatment algorithm for the family physician, 7:21–38, 44 (CRA)

**Ashwell R**

A little louder, please, 2:18 (CB)

**Ayres VE**

Depression: a treatment algorithm for the family physician, 7:21–38, 44 (CRA)

**Babikian GM**

Orthopaedic trauma: review questions, 7:51–52 (SAQ)

**Barach P**

Pulsus paradoxus, 1:49–50 (RS)

**Barrett LO**

Cardiac tamponade caused by drug interaction: a delayed complication of apical pacemaker placement, 2:63–64 (CR)

**Battistini M**

Herbal treatments for symptoms of menopause, 11:35–44 (CM)

**Becker MW**

Adult hip and knee reconstruction: review questions, 2:39–40 (SAQ)

**Behrens RJ**

Sickle cell disorders: evaluation, treatment, and natural history, 9:17–28 (CRA)

**Bhatti MA**

DermaDilemma, 5:57–59 (CPE)

**Blazes C**

Conscious sedation: a primer for outpatient procedures, 5:22–32 (CRA)

**Breitkopf DM**

A review of genital chlamydial infections, 2:27–34 (CRA)

**Brown SM**

Blueberry ice, 9:36 (CB)

**Bryant SG**

The depressed physician: a different kind of impairment, 2:67–73, 86 (CRA)

**Burkholder JF**

Osteoarthritis: review questions, 6:35–36 (SAQ)

**Cardasis JP**

Christmas in Appalachia, 1:22 (CB)

**Carroll M**

Murphy's sign of cholecystitis, 11:51–52, 70 (RS)

**Catalozzi M**

A neonate with persistent vomiting and lethargy, 10:32–37, 63 (PR)

**Cejka S**

Physician compensation in 1998: both specialists and primary care physicians emerge as winners, 1:61–68 (SR)

**Cejtin HE**

A guide to the diagnosis and treatment of vaginitis and cervicitis, 10:53–63 (CRA)

**Chandrasekar PH**

Management of fever in neutropenic cancer patients: review questions, 2:37–38 (SAQ)

**Chittivelu S**

Lidocaine unlikely to cause methemoglobinemia, 4:17 (LE)

**Chittivelu S**

Lidocaine-induced myocardial injury, 2:17 (LE)

**Cirigliano MD**

Herbal treatments for symptoms of menopause, 11:35–44 (CM)

**Cole BJ**

Management of a 37-year-old man with recurrent knee pain, 6:42–65 (OP)

**Cook-Sather SD**

Demystifying direct laryngoscopy and intubation, 5:47–56, 59 (CRA)

**Coughlin RR**

Overseas volunteering: the antidote to managed care, 6:67–70 (CP)

**Cuffy-Hallam ME**

"Painless thyroiditis": the rare phenomenon of lithium-associated thyrotoxicosis, 9:48–50 (CR)

**Cymet TC**

Sickle cell disorders: evaluation, treatment, and natural history, 9:17–28 (CRA)

**Emans SJ**

Current goals for adolescent health care, 1:27–42 (CRA)

**Estrin JT**

Genetic susceptibility testing for breast cancer: implications for practitioners, 10:38–48 (OP)

**Fayez JA**

Evaluation and management of amenorrhea: review questions, 5:39–40 (SAQ)

**Fedorowski JJ**

Applications of stress testing in diagnosing ischemic heart disease, 12:25–30 (CRA)  
 Medical percussion, 9:31–36 (RS)

**Fiel SB**

Decisions in the management of adults with cystic fibrosis, 12:31–47 (OP)

**Fietti VG Jr**

Closed rupture of the flexor digitorum profundus tendon of the left little finger, 7:55–57 (CR)

**Fleetwood J**

Genetic susceptibility testing for breast cancer: implications for practitioners, 10:38–48 (OP)

**Folsom G**

Lidocaine unlikely to cause methemoglobinemia, 4:17 (LE)

**Forman SF**

Current goals for adolescent health care, 1:27–42 (CRA)

**Frank JB**

Evaluation and treatment of anxious patients: review questions, 4:39–40 (SAQ)

**Frederick RW**

Management of a 37-year-old man with recurrent knee pain, 6:42–65 (OP)

**Freyle J**

Urolithiasis: review questions, 11:49–50 (SAQ)

**Fuller SR**

Information security and confidentiality: coming to a healthcare organization near you, 11:21–26 (GC)

**Giardino AP**

A neonate with persistent vomiting and lethargy, 10:32–37, 63 (PR)

**Godino J**

Not just your typical GI bleeder, 6:66 (CB)

**Gollberg HR**

When not to trust a patient, 1:68 (CB)

**Gopal LN**

Multicentric spinal tuberculosis with a possible concomitant bacterial infection, 7:61–66 (CR)

**Gregoire JR**

Amebic liver abscess complicated by bilateral adrenal hemorrhage and adrenal insufficiency, 12:73–76 (CR)

**Grossman J**

Cocky intern in an argyle sweater, 8:27 (CB)

**Gupta M**

Endomyocardial fibrosis in an HIV-infected patient, 4:47–50 (CR)

**Gupta P**

Endomyocardial fibrosis in an HIV-infected patient, 4:47–50 (CR)

**Hakim J**

Help from an untapped resource, 2:43 (CB)

**Hales D**

The cost of electronic stethoscopes, 2:17 (LE)

## Hartmann KE

Clear and concise interventions for smoking cessation, 8:19–27 (PP)

## Hassell K

Anticoagulation in heparin-induced thrombocytopenia: an ongoing challenge, 3:56–61 (CRA)

## Hawkins J

Physician employment in 2000 and beyond, 2:74–86 (CP)

Effect of treatment for *Helicobacter pylori* on dyspepsia and quality of life, 7:20

Effects of itraconazole on allergic bronchopulmonary aspergillosis, 5:20

Efficacy and safety of oseltamivir in treatment of acute influenza, 8:15

Emergence of human granulocytic ehrlichiosis, 7:20

Follow-up of hepatitis virus infection, 4:18

Genotypic and phenotypic resistance to antiretroviral drugs in therapy-naïve patients, 8:15

*Helicobacter pylori* infection and gastric cancer: the Hisayama study, 9:15

Hepatitis C virus infection, viral clearance, and end-stage liver disease, 10:20

Influenza vaccination of health care workers and effects on mortality in elderly long-term care patients, 4:18

Invasive and noninvasive management strategies for suspected ventilator-associated pneumonia, 6:20

Long-term use of acyclovir or similar agents in protecting against AIDS-related lymphoma, 8:15

Mother-to-child transmission of hepatitis C virus, 11:16

*Mycobacterium tuberculosis* infection in travelers, 10:20

New *Vibrio parahaemolyticus* strain in raw oysters, 11:16

Outcomes in patients previously treated for Lyme disease, 4:18

Predicting *Mycobacterium tuberculosis* in inpatients, 11:16

Predictors of virologic response in HIV-positive patients, 6:20

Rapid detection of group B streptococci in pregnant women at delivery, 9:15

Time from HIV-1 seroconversion to AIDS and death, 6:20

Treatment of candiduria with fluconazole, 5:20

Zinc and the common cold, 10:20

## Internal medicine

Adult chickenpox: review questions, 10:49–50 (SAQ)

Antiviral treatment of herpes zoster: review questions, 4:35–36 (SAQ)

## Intubation

Demystifying direct laryngoscopy and intubation, 5:47–56, 59 (CRA)

## Kaposi's sarcoma

HIV-associated Kaposi's sarcoma, 4:22–32 (CRA)

## Laryngoscopy

Demystifying direct laryngoscopy and intubation, 5:47–56, 59 (CRA)

## Liver

Amebic liver abscess complicated by bilateral adrenal hemorrhage and adrenal insufficiency, 12:73–76 (CR)

Neurologic complications of orthotopic liver transplantation, 4:43–46 (CRA)

## Medical percussion

Medical percussion, 9:31–36 (RS)

## Menopause

Herbal treatments for symptoms of menopause, 11:35–44 (CM)

## Migraine

Evaluation and management issues in migraine, 8:28–52, 68 (OP)

## Myelodysplasia

A case report of inflammatory arthritis and methotrexate use in a patient with myelodysplasia, 8:63–67 (CR)

## Neurology

Benzodiazepines for treatment of neuroleptic malignant syndrome, 9:51–55 (CR)

Neurologic complications of orthotopic liver transplantation, 4:43–46 (CRA)

Neurosarcoidosis: review questions, 10:51–52 (SAQ)

New medications for epilepsy, 11:55–61 (CRA)

Parkinson's disease: review questions, 3:53–54 (SAQ)

## Numb chin syndrome

Numb chin syndrome: a subtle clue to possible serious illness, 1:54–56 (CRA)

## Obstetrics/gynecology

A guide to the diagnosis and treatment of vaginitis and cervicitis, 10:53–63 (CRA)

A review of genital chlamydial infections, 2:27–34 (CRA)

Evaluation and management of amenorrhea: review questions, 5:39–40 (SAQ)

## Oncology

Cancer pain management: review questions, 8:53–54 (SAQ)

Colorectal cancer: natural history and management, 10:64–73 (CRA)

Genetic susceptibility testing for breast cancer: implications for practitioners, 10:38–48 (OP)

## Orthopaedic surgery

Adult hip and knee reconstruction: review questions, 2:39–40 (SAQ)

Closed rupture of the flexor digitorum profundus tendon of the left little finger, 7:55–57 (CR)

Orthopaedic trauma: review questions, 7:51–52 (SAQ)

## Pediatrics

A neonate with persistent vomiting and lethargy, 10:32–37, 63 (PR)

Current goals for adolescent health care, 1:27–42 (CRA)

## Physician compensation

Getting paid in the managed care workplace: the basics of physician compensation, 1:69–79 (CP)

Physician compensation in 1998: both specialists and primary care physicians emerge as winners, 1:61–68 (SR)

## Physician employment

Physician employment in 2000 and beyond, 2:74–86 (CP)

The path to management: physician executives in health care, 5:64–68 (CP)

## Physician volunteers overseas

Deciding to become an overseas volunteer, 6:72–78 (CP)

Overseas volunteering: the antidote to managed care, 6:67–70 (CP)

## Pneumonia

Community-acquired pneumonia: current principles of evaluation and therapy, 2:44–60 (OP)

**Primary care.** *See also* Clinical signs, Family Practice

Clear and concise interventions for smoking cessation, 8:19–27 (CRA)

Current goals for adolescent health care, 1:27–42 (CRA)

Depression: a treatment algorithm for the family physician, 7:21–38, 44 (CRA)

The dilemmas of a scaphoid fracture: a difficult diagnosis for primary care physicians, 3:24–40 (CRA)

## Privacy

Information security and confidentiality: coming to a health care organization near you, 11:21–26 (GC)

## Psychiatry.

Vaniqa, 9:16  
Videx, 1:20  
Welchol, 7:19  
Zonegran, 5:19  
Zyprexa, 5:19

Zyvox, 6:19

### Sedation

Conscious sedation: a primer for outpatient procedures, 5:22–32 (CRA)

### Self-Assessment Questions

Acute abdominal pain: review questions, 6:33–34  
Adult chickenpox: review questions, 10:49–50  
Adult hip and knee reconstruction: review questions, 2:39–40  
Angina pectoris: review questions, 12:69–70  
Antiviral treatment of herpes zoster: review questions, 4:35–36  
Cancer pain management: review questions, 8:53–54  
Congenital heart disease in adults: review questions, 5:35–36  
Evaluation and management of amenorrhea: review questions, 5:39–40  
Evaluation and treatment of anxious patients: review questions, 4:39–40  
Gastrointestinal surgery: review questions, 8:55–56  
Influenza infection: review questions, 9:43–44  
Management of fever in neutropenic cancer patients: review questions, 2:37–38  
Neck trauma: review questions, 1:43–44  
Neurosarcoidosis: review questions, 10:51–52  
Orthopaedic trauma: review questions, 7:51–52  
Osteoarthritis: review questions, 6:35–36  
Osteoporosis: review questions, 9:45–46  
Otitis media: review questions, 3:51–52  
Parkinson's disease: review questions, 3:53–54

Posttraumatic stress disorder: review questions, 12:71–72

Protein-losing enteropathy: review questions, 11:47–48

Sentinel lymph node biopsy: review questions, 1:45–46

Sepsis: review questions, 7:53–54

Urolithiasis: review questions, 11:49–50

### Sickle cell disease

Sickle cell disorders: evaluation, treatment, and natural history, 9:17–28 (CRA)

### Smoking cessation

Clear and concise interventions for smoking cessation, 8:19–27 (PP)

### Stress testing

Applications of stress testing in diagnosing ischemic heart disease, 12:25–30 (CRA)

### Telemedicine

The cost of electronic stethoscopes, 2:17 (LE)

### Thrombocytopenia

Anticoagulation in heparin-induced thrombocytopenia: an ongoing challenge, 3:56–61 (CRA)

### Thyrotoxicosis

“Painless thyroiditis”: the rare phenomenon of lithium-associated thyrotoxicosis, 9:48–50 (CR)

### Tuberculosis

Multicentric spinal tuberculosis with a possible concomitant bacterial infection, 7:61–66 (CR)

### Urethral catheterization

The “fractured Foley”: an unusual complication of short-term urethral catheterization, 6:39–40 (CR)

### Urology

Urolithiasis: review questions, 11:49–50 (SAQ)
