- Pseudoaneurysm**
- Hemosuccus pancreaticus due to rupture of a gastroduodenal artery pseudoaneurysm, 43(9):61–64 (CR)
- Left ventricular pseudoaneurysm after inferior wall myocardial infarction, 43(10):47–50 (CR)
- Psychiatry**
- Panic disorder: review questions, 43(10):44–46 (SAQ)
- Tic disorders in children: review questions, 43(2):25–27 (SAQ)
- Pulmonary disease**
- Acute chest syndrome, 43(1):26, 38 (CRQ)
- Acute chest syndrome of sickle cell disease, 43(1):15–23, 44 (CRA)
- Fever and seizure activity in a 10-month-old boy, 43(12):42–48 (PR)
- An initial diagnosis of Wegener's granulomatosis in an 82-year-old-woman, 43(3):33–36, 52 (CR)
- Prevention of postoperative pneumonia, 43(9):47–60, 64 (CRA)
- Pulmonary embolus: review questions, 43(6):36–38 (SAQ)
- Saddle nose deformity, 43(10):31 (IC)
- Tubercular peritonitis in a former correctional facility inmate, 43(7):35–39 (CR)
- Tuberculosis of the biliary tract: a rare cause of biliary stricture, 43(3):29–32 (CRA)
- A 43-year-old-woman with nonresolving pneumonia, 43(5):61–64 (CPE)
- Purple urine bag syndrome**
- Purple urine bag syndrome in an elderly nursing home resident, 43(5):57–60 (CR)
- Quality improvement, clinical**
- Implementing the chronic care model in an academic setting: a resident's perspective, 43(2):49–56 (SMP)
- Resident Grand Rounds**
- Calcific uremic arteriolopathy, 43(1):31–37
- Clostridium difficile*-associated diarrhea and colitis in the hospitalized patient, 43(7):21–27
- Hypertensive urgency and emergency, 43(3):43–50
- Management of preeclampsia, 43(11):25–32
- Subarachnoid hemorrhage, 43(5):31–41
- Review of Clinical Signs**
- Acute and chronic pelvic pain in women, 43(7):41–48
- Clinical signs of acute pericarditis and its complications, 43(1):45–50
- Evaluation of hematuria, 43(4):20–26, 62
- The nephrotic syndrome, 43(10):25–30, 38
- Rheumatology**
- Gout: review questions, 43(7):31–33 (SAQ)
- Renal involvement in systemic lupus erythematosus: review questions, 43(12):25–27 (SAQ)
- Rx Update**
- Alli, 43(3):7
- Azor, 43(11):6
- Colazal, 43(2):13
- Cyanokit, 43(2):13
- DepoCyt, 43(6):17
- Doribax, 43(12):12
- Evista, 43(11):6
- Evithrom, 43(10):11
- Extina, 43(9):11
- Herceptin, 43(1):13
- Invega, 43(2):13
- Isentress, 43(12):12

- Self-Assessment Questions**
- Acute respiratory distress syndrome/acute lung injury: review questions, 43(9):37–40
- Adrenal neoplasms: review questions, 43(4):40–42
- Common tachyarrhythmias: review questions, 43(11):33–36
- Disorders of the hip: review questions, 43(3):40–42
- Endocrine surgery: review questions, 43(5):28–30
- Gastrointestinal emergencies: review questions, 43(8):30–32
- Gastrointestinal infections: review questions, 43(1):24–26
- Gout: review questions, 43(7):31–33
- Hepatitis: review questions, 43(10):41–43
- Herpes zoster: review questions, 43(6):33–35
- Hip pain: review questions, 43(8):33–35
- Hyponatremia: review questions, 43(9):41–43
- Hypothyroidism and hyperthyroidism: review questions, 43(5):25–27
- Movement disorders: review questions, 43(2):22–24
- Multiple myeloma: review questions, 43(7):28–30
- Panic disorder: review questions, 43(10):44–46
- Pediatric hospital medicine: review questions, 43(12):28–30
- Pelvic mass: review questions, 43(1):27–29
- Pulmonary embolus: review questions, 43(6):36–38
- Renal cell carcinoma: review questions, 43(4):37–39
- Renal involvement in systemic lupus erythematosus: review questions, 43(12):25–27
- Shoulder disorders: review questions, 43(11):37–39
- Tic disorders in children: review questions, 43(2):25–27
- Toxicology: review questions, 43(3):37–39
- Seminars in Medical Practice**
- Applying evidence to the care of a patient with cardiovascular disease: how to detect misleading claims in clinical research reports, 43(6):57–68
- “But doctor, you have to do everything!”  
Managing end-of-life ethical dilemmas in the hospital, 43(10):52–58
- The dilemma of the patient who wishes to leave the hospital against medical advice, 43(4):53–61
- Implementing the chronic care model in an academic setting: a resident's perspective, 43(2):49–56
- Resident as teacher: practical tips to enhance feedback on the fly, 43(12):49–52
- Sepsis**
- Management of sepsis, 43(6):50, 55 (CRQ)
- Management of sepsis: the surviving sepsis guidelines for early therapy, 43(6):21–30, 55 (CRA)
- Sickle cell disease**
- Acute chest syndrome, 43(1):26, 38 (CRQ)
- Acute chest syndrome of sickle cell disease, 43(1):15–23, 44 (CRA)
- Stroke**
- Pharmacologic therapy for secondary stroke prevention, 43(12):41, 48 (CRQ)
- Update on pharmacologic therapy for secondary stroke prevention with a focus on antiplatelet strategies, 43(12):14–24 (CRA)
- Subarachnoid hemorrhage**
- Subarachnoid hemorrhage, 43(5):31–41 (RGR)
- Surgical patient care series**
- Prevention of perioperative cardiac events in noncardiac surgery, 43(12):31–40 (CRA)
- Prevention of postoperative pneumonia, 43(9):47–60, 64 (CRA)
- Prevention of surgical site infections, 43(11):41–51 (CRA)
- Primary prophylaxis of venous thromboembolism in surgical patients, 43(8):18–27, 49 (CRA)

## 2007 Index

### **Surgical site infections**

Prevention of surgical site infections, 43(11):41–51 (CRA)

### **Syndrome of inappropriate antidiuretic hormone secretion**

Syndrome of inappropriate antidiuretic hormone secretion, 43(4):33–36, 39 (CRA)

### **Teaching skills, resident**

Resident as teacher: practical tips to enhance feedback on the fly, 43(12):49–52 (SMP)

### **Thromboembolism, venous**

Primary prophylaxis of venous thromboembolism in surgical patients, 43(8):18–27, 49 (CRA)

### **Thyrotoxic periodic paralysis**

Hypokalemia and thyrotoxicosis in a patient with quadriplegia, 43(2):43–48 (CR)

### **Toxicology**

Toxicology: review questions, 43(3):37–39 (SAQ)

### **Tuberculosis**

Tubercular peritonitis in a former correctional facility inmate, 43(7):35–39 (CR)

Tuberculosis of the biliary tract: a rare cause of biliary stricture, 43(3):29–32 (CRA)

### **Urology**

Adrenal neoplasms: review questions, 43(4):40–42 (SAQ)

Evaluation of hematuria, 43(4):20–26, 62 (RCS)

Hematuria, 43(4):51–52, 61 (CRQ)

### **Wegener's granulomatosis**

An initial diagnosis of Wegener's granulomatosis in an 82-year-old-woman, 43(3):33–36, 52 (CR)

Saddle nose deformity, 43(10):31 (IC)

### **Wolff-Parkinson-White syndrome**

Wolff-Parkinson-White syndrome: an uncommon cause of palpitations, 43(7):49–54 (CR)
